

RELIABLE, INNOVATIVE & COMPREHENSIVE MINING SOLUTIONS

METAL MINING
INDUSTRIES (I) Pvt Ltd.

MINING • CRUSHING • SCREENING • WASHING

THE PHILOSOPHY

We at Metal Mining Industries believe in Quality service of paramount standards. The four pillars of our strength are

BEST AND CONSISTENT QUALITY SERVICE

TIMELY DELIVERY

SELF GROWTH ALONG WITH THE CUSTOMER

REASONABLE PRICE STRUCTURE

Our standards and consistency in quality is our strength. We believe that delighted customer is our most important reward. We are committed to fulfill and honour our business commitments by sticking to time schedules. The price structure is most competitive in the market. Trust and repetitive business are better investments for us than profits. Thus we wish to grow along with our esteemed customers.

We will strive to create and nurture business partnerships all over India. Our integrity and positive approach combined with adequate infrastructure are our tools which we use for prompt service and customer satisfaction

THE COMPANY

Welcome to the world of Metal Mining Industries - a place that offers the best quality Mining, Crushing and Screening work services. We are proud to introduce ourselves as a fast-paced service provider for Mining, Crushing and Screening Work in India.

Operating from Nagpur, we are strategically placed to cater the needs of ever expanding mining industry in central India. We offer defining services required at various stages in the field of mining. Ranging from extraction of Iron ore, coal, stone, granite and other minerals, to Crushing, Screening, Cutting, Polishing, Processing and supply.

Known for highest standards of quality of work and ability to honour the business commitments as per schedule, Metal Mining Industries has become a name to be reckoned with within a short span of time since its inception in 2011. Banking on the principals of excellence of work, team spirit, positive outlook and a steadfast approach to business based principles, we are confident to create a space in mining industry.

THE TEAM

The team of Metal Mining Industries has over 20 years of experience, led by its founder Mr Abhay. Since inception, we have kept ourselves updated with the new innovations in the field. Our performance is optimised by our extensive use of state of art machineries we have. We are proud to state that we have been privileged by recurring orders by some of the prestigious companies. We consider this as the acknowledgment of our good work and expertise. The process of learning and gaining new experiences is an ongoing process for us at Metal Mining Industries.

THE PRESENCE

We have exclusive and strategic tie ups with various organisations of repute in mining industry. Our work domain range from **Karnataka, Maharashtra, Goa, Madhya Pradesh, Jharkhand, Chhattisgarh, Andhra Pradesh and Odisha.**

Having developed the ability to work and deliver in every field of mining, Metal Mining Industries operates at pan India level working in harmony with its business partners.

Mining operations involve a wide array of functions viz. Granite / Stones / Ore, removal of Granite / Stones / Ore, transportation, crushing, screening the Granite / Stones / Ore and many more. The operations are as per specific area related. A specific site can be dedicated to ore extraction site, whereas another may carry crushing operations exclusively. We perform these kind of functions while working jointly in tandem with its venture partners.

THE QUALITY

We own and operate state of art equipments for all our operations. Mining operations being a heavy work industry, our inventory boasts of world class equipments at our disposal. We deliver what is desired by the customer. "Strive to excel" has been our motto in all our works. Our ability to deliver is inspired by:

Discipline in maintaining time schedules.

Wide network of tie ups which allows us to operate on Pan India basis.

Very competitive tariff structure.

Extensive inventory of state of art machinery.

Dedicated team of skilled workers.

Operations backed by a two decades of experience of working staff.

Credibility in the market as indicated by strategic tie ups with reputed companies across India.

The company has already applied for ISO certification.
